

Public Hearing

9/10/10

9:30 AM

Big Flats

Although we are an organization for the promotion of business, it is the feeling of our association that this property has already enjoyed 15 years of tax abatement and that is enough. The property should return to, and remain on the tax rolls. If however the IDA sees fit to grant an abatement, then it should apply only to improvements made that increase the value of the property above its current assessment of \$1,735,000.
