These qualifications and the concerns of the Agency regarding its liability and the liability of its members are not necessarily found or addressed in the individual, company or firm that offers the lowest price and the nature of these services are such that they do not readily lend themselves to competitive procurement procedures.

In determining whether a service fits into this category, the Agency shall take into consideration the following guidelines: (a) whether the services are subject to state licensing or testing requirements; (b) whether substantial formal education or training is a necessary prerequisite to the performance of the services; and (c) whether the services require a personal relationship between the individual and the members of the Agency. If alternate proposals are required, the Agency is precluded from purchasing surplus and second-hand goods at auctions or through specific advertised sources where the best prices are usually obtained. It is also difficult to try to compare prices of used goods and a lower price may indicate an older product.
- (D) Goods or Services under \$1,000. The time and documentation required to Purchase through this policy may be more costly than the item itself and would therefore not be in the best interests of the agency. In addition, it is not likely that such de minimis contracts would be awarded based on favoritism.
